

Course details and attached are the provisional programme and the event flyer. Hopefully you can spread the word.

Details

Event: 2018 ILAE British Chapter Epilepsy Neuroimaging Course

Dates: 22nd – 24th March 2018

Venue:

- Thursday: UCL-Wellcome Trust Centre for Neuroimaging (FIL), 12 Queen Square, London, WC1N 3BG
- Friday & Saturday: MRI Unit, Epilepsy Chalfont Centre, Chesham Lane, Chalfont St Peters

Description: Open to all healthcare professionals and affiliates and MSc/PhD students, the 3-day course aims to provide both an overview and a solid foundation in state-of-the-art MRI and PET scanning in epilepsy.

The course will:

- Consist of lectures and small-group tutorials given by experienced MRI- and PET-clinicians / researchers
- Cover aspects of structural and functional MRI acquisition and analysis
- Provide introduction in physical principles and clinical applications of PET-MR
- Train participants on real patients' data in hands-on laboratory exercises.

On completion of the course, the participants will be able to:

- Employ MRI and PET to influence the clinical management of patients with epilepsy
- Select appropriate MRI sequences, and distinguish clinical and MR features of different etiologies
- Understand the role of advanced MRI and PET-MR acquisition and post-processing analysis methods.

The **Early Bird Rate** registration rate **expires on the 15th December at 23:30**

- **£320.00** for radiographers, PhD/MSc students, SpR, SHO, Nurses
- **£420.00** for consultants

The course fee includes an electronic copy of the epilepsy teaching notes, lunch, dinner (Friday) and refreshments and a certificate of attendance.

Further information, including the programme, accommodation and link to registration can be found at <https://www.eventbrite.co.uk/e/the-2018-ilae-british-chapter-epilepsy-neuroimaging-teaching-course-registration-37941683597>

The event so far has had a positive response and places are allocated on a first come first served basis.
