

International congress on Structural Epilepsy & Symptomatic Seizures

Venue: Wallenberg Conference Center, Gothenburg, Sweden

Dates: 29-31/3 2023

Organizers: Johan Zelano and Francesco Brigo

Host organization: University of Gothenburg

In 2019, Seizures & Stroke attracted over 130 participants from over ten countries to Gothenburg, Sweden.

Our meeting now returns – with a widened scope to all symptomatic and structural epilepsies. A three-day program of cutting-edge research and clinical presentations is combined with a teaching course for those starting out in the field, and there are ample poster- and platform presentation opportunities.

Join us at Wallenberg Congress Center in Gothenburg on 29-31 March 2022.

Abstract submission deadline is 1 December and early bird registration closes 15 December.

Welcome!

Francesco Brigo

Johan Zelano
